NUMBER 31

Niles Troop Boy Scouts End Clubhouse Problems By Purchase of Old Building

Here Is Proposed Building Charter For the Niles Troop of Boy Scouts

THE BUILDING purchased from E. A. Ellsworth, situated on lots fronting First street, adjacent to property of the Township Register, Town of Niles, later to be moved to a, as yet, unselected site, is to be governed by the following rules and regulations:

When full purchase price has been paid title to the building shall rest in Niles Troop No. 1, Boy Scouts of America, of which the Troop Committee is to be considered a part.

No repairs, alterations or installations to be made without authority of the Troop Committee, which body after full knowledge of such repairs, alterations or installations, may determine whether or not same may be advisable.

Building may be used by any or all present Boys and Girls organization or any that may hereafter be organized in Niles, at the discretion of the Troop Committee, which body shall determine dates and terms upon which such occupations may be made.

Building to be occupied by Boy Scouts of America only when Scoutmaster or other competent supervisor is present and in attendance.

Should Niles Troop No. 1, Boy Scouts of America, become inactive and nonexistent for a period of two consecutive years, the title to the building shall pass to the body or organization sponsoring the Troop prior to its becoming nonexistent. Such body or organization to take full charge of building and equipment and dispose of same as they see fit.

Citizens Urged to Support Boys In Effort to Pay Off Debt

Hats off to Niles troop No. 1, Boy Scouts of America!

Tired of being bounced from pillar to post for the past five years, the local troop took the housing problem by the horns this week and purchased a building of its own.

Homeless and unwanted by owners of vacant property and even denied the use of public buildings, the Niles Scouts followed a tip given them by the editor of the Register, and investigated the frame structure just north of this office and directly opposite the old S & A studios.

Finding the building ideally suited to their needs, the Scouts entered into negotiations with the owner, and, after a short conference, contracted for its purchase. The deal includes the privilege to move the building should the lot be sold to other parties.

The building acquired by the Scouts was formerly occupied by the Cup Leather company. It is architecturally ideal for the boys, consisting of one large room in the center with a smaller room front and back. The latter room will make a splendid kitchen. The front room is to be used as an office and store room for the Scout regalia.

Enthusiased over the fact that they now have a home of their own, the Scouts also realize the responsibility they have assumed and are already at work on plans for paying off the building debt. Card parties, entertainments and other money-raising stunts will be sponsored by the Niles troop, and each Scout has pledged himself to turn in twenty-five cents a month toward the purchase fund. In this respect, citizens giving odd jobs to the Scouts will be aiding, indirectly, toward the new home.

The new Scout clubhouse will be under the jurisdiction of the Troop committee. Its use by other juvenile groups will be governed by this committee. It is the hope of those in charge that kitchen equipment can be installed soon, and a display and reading room fixed up. The committee feels that the purchase of the building is a real forward step and will do more for the Scouts of the community than anything yet undertaken.

According to the Scout committee, Niles troop is now the only one in the county that has its own building. This speaks well for the progressiveness of the local troop and it is the hope of the committee that the townspeople will take a new interest in the Scouts and will give them united support in their future activities.

HI SCHOOL BAND NOW TOGGED OUT IN NEW UNIFORMS

The band at Washington Union high school made the hit of the day at an assembly this week when it marched into the auditorium all togged out in snappy uniforms.

The outfits consist of yellow and black hats, black sweaters with yellow lyres as the emblem, and black and yellow ties. The young musicians made a very neat and attractive appearance and were roundly applauded by their fellow students.

The Washington Union high school band is out for the state championship this year. A sample of how well it is getting along was given when Professor Kimber had his charges play the march that will be played at the contest in San Francisco.

New Gas Mixture to be Supplied This Township

A "reconstructed" gas, with 615 to 650 heat units per cubic foot, will be supplied to gas consumers of this district after November 1 at the same rate now paid for fuel with only 550 units a foot. This information came today from the Pacific Gas and Electric company's office at Niles.

The more powerful gas will continue to be supplied until the company starts supplying pure natural gas in April, 1930.

ANTI-WAR TALKS TO BE DELIVERED IN THE SCHOOLS

The true meaning of Armistice Day will be told the children in Washington township schools on Friday, November 8, by a special committee from Washington Township. The Legionnaires will endeavor to enlist the children in the campaign for permanent peace and will show that the glamour of war can not compare with the suffering and destruction it brings.

WORKMEN START TO ALTER FRONT OF FORMER BANK

One more improvement to the main street of Niles was started yesterday when E. E. Dias, general contractor, began tearing out the front of the old bank building in the Ellsworth block.

The former depository for cash and valuables is to be completely altered, and, when finished, will be a modern store building in which H. L. Scott will conduct his shoe and harness business.

The new store will have one of the most modern fronts in this section of the state. A new style show-window plan will be installed and the interior will be up-to-date in every respect.

Scott expects to take possession of the new store on or about January 1.

WIND-SWEPT FIRE DESTROYS HAY ON PATTERSON RANCH

Centerville-Newark Send
Fire Forces to Save
Main Buildings

FIRE, SWEEPED by a stiff wind, destroyed a small barn and three stacks of hay on the Patterson ranch between Alvarado and Newark last Monday afternoon.

Originating in a mysterious way, the flames burned through several acres of brush and stubble before alarms were turned in to the Centerville and Newark fire departments.

When the fire fighters reached the scene the fire was sweeping rapidly toward the barns and dairy buildings at the main ranch. The combined forces of flame-eaters set up their lines at the ranch and, using water from two large tanks succeeded in saving the ranch houses.

Roofs of the big barns were on fire several times during the battle, according to firemen from Centerville. The high wind hindered the work of the firemen, driving the whirlwinds of sparks directly onto the ranch buildings and carrying the heat into the faces of the hosemen.

The small barn destroyed was in a far corner of the big ranch, half a mile from the main buildings. The fire smoldered through the burned area all Monday night and watchers were stationed at various points to guard against new outbreaks.

PARENT TEACHER WHIST PARTY IS AID TO SCHOOL

The treasury of the Niles grammar school cafeteria is jingling with cash today, due to the very successful whist party held last night in the school auditorium.

More than a hundred players vied for the turkeys, ducks and chickens that were hung up as prizes and some very spirited hands were played during the course of the evening.

The party is an annual event sponsored by the Niles Parent-Teacher association.

Armistice Day Starts American Legion Week

World War Veterans of California will join those of the rest of the nation in the observance of "American Legion Week," commencing on November 11, Armistice Day, according to State Commander Clarence L. Kincaid of Hollywood. During this week, the American Legion throughout the United States will concentrate on a membership drive.

Fairfield—Construction started on Solano county garage building north of county jail.

FRISKY WIND PLAYS PRANKS AROUND NILES

A ROLICKING wind blew in from the north-west last Monday morning and had a lot of fun in Niles.

Snatching great quantities of dust from the dirt detours along the new highway the frisky wind stormed through the main streets, making automobile travel dangerous and the way of the pedestrian mighty tough.

Heaps of autumn leaves caught the spirit of play in the stiff breeze and littered up sidewalks and doorways in great shape. Radio aerials fell prey to the wind god all over town and a pole of the Pacific Gas and Electric company situated at the junction of the Centerville-Mission roads fell over, blocking traffic into Niles. Lights and power were off for more than half an hour.

It was, indeed, a great day for the wind.

PARENTS VISIT TEACHER

Miss Grace Knowles, popular school teacher of Niles, had the pleasure of a visit from her mother and father, Mr. and Mrs. G. Knowles of San Francisco last week-end.

NILES C. OF C. TO GET XMAS PLANS STARTED AT ONCE

Living Tree In Heart of
Town Will Glow
With Lights

THE NILES Chamber of commerce on Tuesday this week admitted there was a Santa Claus and started the ball rolling for the proper observance of Christmas.

At the suggestion of Harvey Braun, president, the booster group decided to again decorate the living Christmas tree on Main street with colored lights, and other suggestions regarding the Yuletide fete were made and discussed ad lib.

It was pointed out that a few limbs on the big cypress had been broken by the current wind storm and E. E. Dias, local contractor, volunteered to trim the injured branches.

Just how pretentious this year's Christmas program of the commerce chamber will be cannot yet be determined, but it is the hope of the wide-awake members that 1929 will bring the best showing made to date.

(Continued on Page 8)

BERKELEY WOMAN PAINFULLY HURT IN NILES CRASH

Heavy Truck Collides With
Light Roadster On
Main Street

SHOWERED with jagged glass from a broken windshield, Miss Adele Coates of Berkeley was painfully cut about the face, and J. C. Bacon Jr. her companion, was badly shaken up when the car in which they were riding was crashed into by a heavy gravel truck on Main street, Niles, last Tuesday noon.

Miss Coates suffered deep lacerations about the chin and across her forehead. She was treated by Dr. E. C. Grau and then returned by train to her home in the university city.

The accident occurred directly opposite the post office and is said to have been caused by a car pulling out from the curb in front of the one driven by Bacon, which obstructed the latter's view of the oncoming truck. A rear wheel of the big vehicle struck the Bacon car on the left side in front. The impact shattered the windshield.

The young Berkeley couple are said to have been en route to Los Angeles where they intended to take in the football game between the University of California and the University of Southern California on Saturday.

NILES LIBRARY RECEIVES FINE LIST OF BOOKS

Citizens of Niles who frequent the public library will be pleased with the new books placed on the shelves this week by Mrs. Emma Murray, librarian.

The list includes travel, biographies, fiction and manuals. Some of the most attractive volumes are:

"Business-Letter Writer's Manual," by Buck; "Isle of Man," by Caine; "Autobiography of Andrew Carnegie," by himself; two volumes of essays by Elliot, "Loyalties," by Galsworthy; "King Cole," by Massfield; and "Story of the Bible" by Van Loon.

NILES CATHOLIC CHURCH FAIR IS VERY SUCCESSFUL

The three-day fair held last week by the ladies of the Corpus Christi Catholic church, Niles, was both a social and financial success, according to those in charge.

The spacious hall was crowded with patrons each night and the salesladies were kept "on the jump" every minute. Features of the fair included a fancywork booth, grocery table, candy table, bingo game, grab-bag and a post-office game. The latter, the ladies state, was not like the game played in parlors twenty years ago.

Cut In Gas Rates Looms As Result of Conferences

That Alameda county will get a substantial cut in domestic gas rates in the near future is the promise made this week by Clyde L. Seavey of the state railroad commission.

The hearing of the Pacific Gas and Electric company application for a readjustment of rates was adjourned until November 13, after an agreement was reached that the present rates would stand until a study of the proposed new schedule had been made.

Invitations were issued this week to the friends of Rev. and Mrs. E. G. Brinkmeyer to attend a reception for the new minister and his wife on Friday evening, November 1, at the Niles Congregational church.

MUTUAL STORES DOUBLE SPACE IN REGISTER

WITH THIS ISSUE of the Township Register the Mutual (MacMarr) Stores have placed this paper on the same advertising bases as the Hayward and Livermore papers, a distinct tribute and testimonial to its pulling powers.

When business firms of the magnitude of the MacMarr company recognize a newspaper as a worthwhile advertising medium, it is indeed significant. With its news columns covering the field "like dew" with brisk, well-written articles on live topics of the day, the Register now stands head and shoulders above any other publication in Washington township.

NEW INSTRUCTOR

A class in woodwind band and orchestra instruments is being organized at Washington Union high school by H. T. French of San Jose. French is a member of the California theater orchestra in that city and will make regular trips to Centerville providing he can form a class large enough to make it worth while.

Advertise in the Register.

RAILROAD WORKER SUFFERS LOSS OF ARM IN ACCIDENT

Fall Under Moving Train
Proves Serious To
Section Hand

His right arm mangled almost to the shoulder, D. Faunte, a Mexican employed as a section hand by the Western Pacific railroad, was brought to Niles late last Friday night where Dr. E. C. Grau was forced to amputate the crushed member in order to save the unfortunate man's life.

Slipping on a greasy tie, Faunte is said to have fallen under a moving freight car and was caught by the wheels before he could roll to safety.

Suffering intense pain, the gritty victim maintained consciousness en route to Dr. Grau's office and was actually forced to submit to an anesthetic prior to the operation.

Swimming Pool Fund Helped by Paper Drive

More than \$200 will be realized from the sale of paper and old automobile tires by the students of Washington Union high school. The students recently held a paper-drive contest, a very spirited affair, which was won by the seniors.

Approximately twenty tons of old paper and tires were collected by the four classes.

The money is to go into the swimming pool fund.

IRVINGTON MAN GETS BUILDING CONTRACT HERE

Contract for the construction of three new units for the Pacific Mushroom company at the Garden of Allah, Niles, was won by J. A. Griffin of Irvington. Work is now under way.

The new units to the big mushroom farm are to be of brick and tile construction, with the architecture perhaps the oddest in the country. When completed, the mushroom bungalows will be windowless affairs, black as night inside and each with its own heating system and shower bath.

The results of the first crop at the local mushroom farm, which started to market June 1, last, were so satisfactory the company decided to expand in order to meet the demand.

COMING EVENTS

Nov. 11—Dance, Washington Post A L, at Garden of Allah.
Nov. 27—Washington high school "special" at Garden of Allah.

Important Facts And Figures On District Water Purchase

By Chris. Runkel, Secretary
Alameda County Water District
Figures as a rule are a bore. I hope, however, that those who are interested in the purchase of the water rights of Alvarado will take the time to glance over this article.

Since the water companies first began to pump water from the underground supply of this district over 60,000 million gallons of water have been pumped at Alvarado and taken out of the district to be sold in the East Bay cities. If this sixty billion gallons of water had not been taken out of the underground supply of the dis-

trict we know that the water level would not be so low as it is today.

Since 1929 when the State water commission decided the controversy between our district and the Spring Valley Water Company, the district has received about 8600 million gallons of water released from the Calaveras dam of the Spring Valley Water Company and it has been put into the gravel beds of the district. But on the other hand during those same years the East Bay Water Company has pumped and taken out

(Continued on page seven)

The Newark Register

ADA HUDSON IS TAKEN AS BRIDE BY NEWARK MAN

The marriage of Miss Ada Hudson to Burlia James at the Christian church in Oakland last Saturday night marked the culmination of a romance that has been budding for many months.

The ceremony was performed before a small group of relatives and close friends, it being the desire of the young couple to avoid unnecessary publicity. A banquet was enjoyed by the wedding party following the tying of the nuptial knot.

The bride formerly resided with her parents in Niles. The groom is an employee of the Morton Salt company. They will make their home in Newark.

GOOD HUNTING

Frank Adams of the Albrae Gun club at Newark reports this week that the hunting so far has been the best in years. The Albrae club has in its membership some of the most prominent business and professional men in the bay district. These royal sportsmen have been finding wild game hunting right to their liking this year, Adams states.

Mrs. Chester Buck was tendered two surprise showers last week, one being given by her sister Mrs. Pete Bertollati and the other by a group of girl friends of the recent bride.

By JULIA RUSCHIN

Another "home town" boy has made good in the city. Last Sunday Earl Thompson, former pitcher for the Newark baseball team, was given a six-inning try-out with the Oakland Pacific Coast league club. Thompson is said to have held the Alameda Elks to two runs.

Mrs. Amy Hudson, a veteran real estate saleswoman, has accepted a position with the Great Western Realty company of Oakland. The firm has large holdings in the vicinity of Newark and Mrs. Hudson will have charge of the office there.

MRS. ROSE SOUZA NEWARK PIONEER, IS BURIED TODAY

Last rites were held here today for Mrs. Rose Souza who passed away at her home last Monday.

Services were conducted at the family home and at the Catholic church. Interment was at Hayward.

The deceased was a pioneer resident of this community and she leaves a wide circle of friends. Beside her husband, Antone, she is survived by two sons and a daughter.

The funeral was conducted by F. F. Botelho of Centerville.

Mr. and Mrs. N. D. Slevin and son Edwin spent Sunday visiting with relatives in Martinez.

CLUB GRATEFUL FOR PUBLICITY ON ANNUAL BALL

Success of the big dance given last Saturday night by the Bluebird club was due largely to the publicity given it by the Township Register, according to Miss Julia Ruschin, president.

The editor of the Register received the following letter from Miss Ruschin:—

"I, as president of the Newark Bluebird club, wish to sincerely thank you in behalf of the club for the wonderful story you gave us in this week's issue of the Register. We are anxious to have you know we appreciate it."

A packed hall was the answer to the call of the Bluebird club, and the dance was by far the most enjoyable of the season to date.

Bluebird Masquerade Is Whirl of Color and Fun

Fulfilling every promise, the Bluebird Club of Newark staged one of the most colorful and enjoyable masquerade balls ever held in this district last Saturday night.

The big annual affair, which brings to the club money for a community Christmas tree, took place in the pavilion. The hall was aglow with warm colors and the beautiful costumes of the dances made a motion picture that will be forgotten.

Several costumes won prizes, there being many new ideas introduced at this year's ball.

Mr. and Mrs. Chris Mikelson of Stockton, Mr. and Mrs. Latham Berlin and infant son of Alameda and Mr. and Mrs. Stanley Anderson of San Jose were the guests of Mr. and Mrs. Chris Anderson last Sunday.

Many Newark football fans attended the Stanford-U. S. C. football game on Saturday at Stanford. Among those attending were: Mr. and Mrs. N. D. Slevin,

Frank Jones, M. D. Silva, Mrs. Fred Boyce, Eugene Boyce and Irving Steinhoff.

Mrs. Charles Cockefair had as her guests over the weekend Miss Emma Wales and Miss Margaret Wales both of San Francisco.

Miss Helen Veib of San Francisco spent the week-end with her sister, Miss Josephine Veib.

Hadad's to Open Sunday Morning's During Sale

Leave it to Mike Hadad of Niles to give the public all the breaks during his big "closing out" sale, which starts November first. The popular merchant's latest announcement is that he will keep his store open on Sunday mornings during this final carnival of bargains.

Hadad is now making elaborate preparations for his big "good-bye" sale. He says prices are being slashed "to the bone."

CARD OF THANKS

We desire to express our heartfelt thanks to the many friends and relatives for their many acts of kindness, beautiful floral offerings and expressions of sympathy extended us in the hours of our sad bereavement.

MANUEL M. RAYMOND, Husband;
J. R. FONSECA, Father.

See Register's Christmas Cards. Large beautiful assortment.

TIME TICKER TICKS SLOW AT LIBRARY

DON'T KEEP a date with your girl friend by the Niles library clock. If you do you'll be forty minutes late, and, of course you know that would be fatal.

When the power went off in the wind storm last Monday morning, the beautiful "Electron" clock stopped. When the power came back, the clock started. The interlude was exactly forty minutes.

No one seems to know how to get into the "innards" of the big timepiece, so it seems that it will have to run behind time until a representative of the factory calls with his tools and makes it right with the world again.

Harry Rose is Host at Jolly Hallowe'en Party

Harry Rose of Irvington held a Hallowe'en party at his home last Friday night, entertaining many of his friends.

The rooms were gay with black cats, bats, ghosts, and jack-o-lanterns, and in the corners were witches with their eyes automatically lighting on and off. The dimmed lights were covered with Hallowe'en lanterns with many

PHILCO
RADIO

Give Truer, Clearer Tone — Greater Distance — More Selectivity

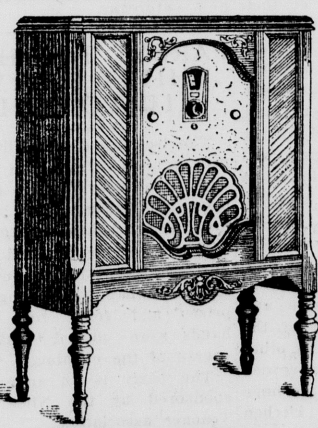

If the oarsmen of a crew are not in perfect balance, working as one unit—the shell will wobble, and move forward with but a fraction of its proper speed. Just so with radio. If the units of a receiving set are not in perfect balance, distortion of tone and lack of selectivity and distance are the inevitable results. By extraordinary engineering, Philco has attained a precise electrical balance that results in radio tone of revolutionary clearness, richness, fullness.

Remarkable Selectivity and Distance

Are further advantages from Philco Balanced Units. Hundreds of owners of Philco Neutrodyne-Plus have been able to bring in Japan, Canada, Mexico, Cuba, Australia, etc. Location and weather conditions, of course, do make a difference. But even when reception is most difficult, owners praise Philco for its power to overcome obstacles that baffle other sets. And when conditions are good, Philco makes astounding performance records.

NATURAL GAS NOT YET ASSURED THE PLEASANTON AREA

Consumer's Gas Company Is
Still Without Necessary
Certificate

Consumer's Gas Company must wait until November 21 before its application for a certificate to furnish natural gas to the towns of Pleasanton, Sunol, Dublin, Livermore, and Altamont in Alameda county and certain towns and cities in Merced, Stanislaus and San Joaquin counties, is heard before the Railroad Commission.

The hearing was to have been held Friday, October 18, but the commission continued the motion and set it on a date when other hearings of the same nature are to take place. Among the other hearings for November 21, will be that of the Pacific Gas and Electric company for a similar certificate to exercise franchise right for the distribution of natural gas in Stanislaus, San Joaquin, Sacramento, Salome and Contra Costa counties as well as Alameda county.

Consumer's Gas Company was awarded the franchise to furnish Pleasanton with natural gas by the town council, but because of a legal technicality this grant was revoked at the last meeting of the board. The franchise was rescinded because the company failed to post a proper bond for the fulfillment of its contract within the five days as required by law.

The gas company sent a bond made payable to the Board of Supervisors of Alameda county instead of the Town of Pleasanton. Officials of the Consumer's Gas Company claim that this error was on the part of the bonding company. They corrected the bond and rushed it to Pleasanton, but it did not arrive until Tuesday the day following council's rescinding action.

As to what action will be taken now appears to be more or less up in the air. Legal opinion differs upon what steps may be followed. Members of council refuse to commit themselves, while awaiting the official opinion of the city's attorney.

In the meantime the Pacific Gas and Electric Company is going ahead with its plans to purchase from the city another franchise.

POTTERY COMPANY WILL OPEN PLANT ABOUT JANUARY 1

With its new plant practically completed, the California Pottery company of Niles is making plans to start operating shortly after the first of the year.

Purchasing the old brick yard in Niles canyon about two years ago, the California Pottery company has built nine large kilns and three new ones are about completed.

The company, which has its headquarters in Oakland and plants in several other cities, expects to make Niles the base of practically all of its operations. Company officials claim that there is enough clay in its Niles pits to keep a large plant in operation indefinitely.

MIDDLE AGE
VISION

At this time your vision undergoes radical change — an optometrical examination is vitally imperative.

CLARENCE A. RAULLINO
OPTOMETRIST
B AND C ST. NILES
HAYWARD

Let's open this week's colym with a poem, Sunshiners—an energetic piece of rhyming that the Pastor has always enjoyed reading. It is called, "A New Start," and here it is:—

I will start anew this morning with a higher, fairer creed;
I will cease to stand complaining of my ruthless neighbor's greed;
I will cease to sit repining while my duty's call is clear;
I will waste no moment whining, and my heart shall know no fear.

I will look sometimes about me for the things that merit praise;
I will search for hidden beauties that elude the grumbler's gaze.
I will try to find contentment in the paths that I must tread;
I will cease to have resentment when another moves ahead.
I will not be swayed by envy when my rival's strength is shown;
I will not deny his merit, but I'll strive to prove my own;
I will try to see the beauty spread before me, rain or shine;
I will cease to preach your duty, and be more concerned with mine.

Washington township sweltered under a torrid sun a few days recently, causing the chronic kickers to kick just a little harder, but the ice-cream counters did a thriving business, the ice-men were kept extra busy and the Pastor had a good cause to walk around without a coat, so the warm spell made some of us happy—and that's something.

Bill Helm of the Niles theater thinks we ought to have an election. He can't give any reason for it, neither can we, but if Bill's plan should happen to sprout we hereby give notice that we want to be mayor. Ed Maddux, popular barber has his eye on the police chief's job and Earl Wood of the Mutual store makes a bid for treasurer.

The Pastor believes he would make an ideal mayor for Niles. He is against everything modern. He would bar automobiles from the main street and re-establish the hitching rack and the water-trough. Anyone attempting to put up a street light would be thrown in jail. No one would be allowed to rent or sell their property to a factory or manufacturing concern. Persons found painting the fronts of their stores would be heavily fined, and progress of any description would be frowned on heavily.

Now folks, there's a platform that's just about as pretty as the old band stand, and we have every reason to believe we'd get a lot of votes, but don't get hysterical for we don't think Bill's election scheme will go very far. We think he got the idea out of a movie.

Something ought to be done about the profanity used by the older boys at the Niles grammar school. Old and hardened as he is to the rough edges of life, the Pastor was shocked one morning this week by a group of young football players. The language they used just about outdid anything he ever heard.

It is hard to suppress the fire of youth, we know that, but there is a way to curb profanity around a school yard. People living adjacent to the Niles school can't help but hear those youngsters when they tear loose with their string of obscene phrases. The Pastor can't believe these people approve of it.

We guarantee
to satisfy you
when we accept your order
for printing.

SPARKLING ARRAY OF PICTURES DUE ON NILES SCREEN

Greater entertainment each week seems to be the policy of the Niles theater.

With the close of one week's splendid bills, the Niles steps right out and announces a new galaxy of film features. The main attraction during the next seven days will be as follows:—

Tonight "The Dummy" is the feature picture. This is an all-talking dramatic production that will keep you thinking for a long time to come. Vitaphone vaudeville

rounds out the program.

On Saturday the Niles will offer Monte Blue in a thrilling picture called "No Defense." Here we have Blue in a whirlwind of action that will make you sit straight in your seats. On the same bill the Niles will present "Racing Blood," a riot of fun and excitement.

The big picture of the week comes on Sunday and Monday. This is no less than that wonderful production, "Noah's Ark." This

film is one of the outstanding motion pictures of the year. It stars Dolores Costello and George O'Brien. Thousands of people assist in its making and Michael Curtiz, the director, says it is the biggest ever done in pictures in Hollywood. Scenes that seem almost impossible will thrill you constantly. There is no doubt but that no greater picture has ever been shown in this section of the state. Don't miss seeing "Noah's Ark" at the Niles.

TRAFFIC FINES DEALT OUT BY LOCAL JUSTICE

There isn't any use having automobile traffic laws if they can't be broken occasionally. That's what some motorists think and that's why there are motor cops and traffic courts.

Judge Allen Norris of Centerville has his session with traffic violators every week and last Tuesday he imposed fines on the following offenders:

Mrs. S. Olivencia, Alvarado, \$10, speeding; George Schafer, Berkeley, \$10, speeding; E. H. Melvin, Los Gatos, \$10, speeding, and Manuel Borges Jr., \$25, reckless driving.

Mrs. John W. Stevenson has returned from Petaluma.

THE FEATHER RIVER ROUTE

Athletic Club Of Centerville Anxious To See Others Formed

The Centerville Athletic club, one of the most energetic groups of men in Washington township, is anxious to see similar clubs started in near-by towns.

The Centerville club is built around members of the fire department and holds weekly meetings in the town hall. It has its boxing division, its volleyball team, its baseball club and other departments which go to make up a lively athletic organization.

If Niles, Newark, Irvington and other township towns would or-

ganize clubs there could be any amount of games and tournaments played throughout the year and much clean rivalry would spur the contestants on.

It is the hope of the Centerville club that the Niles fire department will see fit soon to get into the athletic field so that inter-city games, especially volleyball, can be played in series.

Occasional "get-together" dinners, to be paid for by the losing club, would go a long way toward creating a fraternal spirit between the "rival" towns.

Fur Will Fly Tomorrow Night When Volley Ball Teams Meet

If the volleyball tournament now in progress between two picked teams from the Centerville Athletic club ends without bloodshed it will be a miracle.

This is the opinion of George Robinson, star player on the team known as the "Rogerites." Robinson and his five pals went down to defeat last Friday night at the hands of the Botelho gang, the scores being 15-7 and 15-10, but there was a nigger in the wood pile, George asserts.

Only by bringing in a "ringer" from the spectators could Botelho and his team have won, the losers claim. When one of their regulars

failed to show up, the Botelho squad called on the best player in town, a brother of Judge Allen Norris, and with his fast playing they won. That's the alibi of the Rogers clan and they're going to stick to it.

The series now stands two games for each. The play-off will be tomorrow night, and neither team is going to be responsible for what happens. Police reserves have been asked for and the fire department will stand by ready to flood out a riot if one starts.

If you like excitement, take in tomorrow night's battle at the clubhouse.

WEDDING BELLS RING SATURDAY FOR LOCAL MAN

Wedding bells rang gaily from the tower of Holy Ghost church, Centerville, last Saturday morning for Miss Francis Cardoza and Antone Figueredo.

The beautiful ceremony was conducted by Rev. Father A. M. Souza before a large assemblage of relatives and friends. The bride made a charming picture in her silken gown and flowing veil, and the church and altar were both stacked high with autumn flowers.

Miss Rose Botelho served as maid of honor, and her brother, Arthur, was best man.

The newlyweds left immediately after the wedding for Southern California where they are now honeymooning. They will reside in Centerville.

The bride is a Mission San Jose girl and her husband is a well-known Centerville citizen. He is employed by E. E. Dias, contractor.

Larry Bettencourt, formerly of Centerville, and one of the Pacific coast's greatest football players, is now coaching a team in Memphis. He recently negotiated for a game with the San Francisco Olympic club team to be played in Nashville.

Archdeacon Porter was the guest of Rev. and Mrs. Attwood Saturday night going to Walnut Creek the next morning.

Sale of Fords Continues To Be Brisk, Dealers Say

Even the stiff winds of the past few days failed to stop the sale of Ford cars, and Dohner and Galbraith of Centerville, agents for the popular automobile, announce the following deliveries:

Charles Ford of Kraft Tile company, Niles, sport coupe; Mrs. Hattie Douglas, teacher at Lincoln school, town sedan; Public Utilities corporation, Niles, truck; George G. Wilson, Niles, 2-door sedan; Arthur Dias, Newark, town sedan; E. Picano, Centerville, roadster, and M. M. Pimentel, Newark, trucks.

Young Lawyer Will Speak At C. of C. Luncheon

Paul Dias, son of Joseph Dias, principal of the Centerville grammar school, was to be the speaker today at the noon meeting of the Centerville chamber of commerce.

Young Dias just recently passed the bar and is now practicing law in San Francisco. He did not announce what his subject would be.

The "Sweet 16," met at Mrs. Christensen's, when the pretty prizes were given to Miss Bess Dusterberry as first; Mrs. M. Mathelsen, Slams; Mrs. Adams, Consolation; Mrs. Neher, a guest prize. The tables were in Hallowe'en style. The next will be with Miss Miranda Norris, November 7th.

Personal Items

Mr. and Mrs. Howard Bunting of Fresno spent the week-end with Mrs. F. O. Bunting.

It has been a busy week, opening on Tuesday with the big Castlewood luncheon on Wednesday; St. James Guild, Thursday; the Lion Bridge Whist club, Friday; the Sweet 16, Saturday; the Ladies Aid Food Sale; the St. James Jubilee dinner and the Saturday evening Whist with Mrs. Garrett Norris, St. James Guild was well attended. The details of the dinner were well perfected, and money was sent to the auxiliary. The next will be on Wednesday, the 6th, at the home of Mrs. Howard Chadbourn.

The Town Bridge Club met with Mrs. E. C. Hanson in a very pleasant affair. At the close it was found that Mrs. Van Tassel was first; Mrs. S. Hanson, consolation; Mrs. Regl, Guest.

The Saturday Evening Whist club met with Mrs. Garrett Norris, assisted by her daughter Mrs. Morgan Davies. When the scores were counted it was found that Mrs. Geo. Lowry won first prize; Mrs. G. Coit, second; George Emerson, first gentleman; Phil Moore, second gentleman.

The Ladies Aid Food Sale was held at Helliwig's shop. In spite of so many being away and a bad day for it, they cleared about \$25 and had a very pleasant time.

POPULAR COUPLE MARRIED SUNDAY IN CENTERVILLE

Surrounded by a large circle of relatives and friends, Evelyn Marie Rose and Louis Silva, both of Centerville, were joined together in holy wedlock last Sunday afternoon by Father Souza of Holy Ghost Catholic church.

The wedding was one of the prettiest held in this town for some time. The bride was attired in a gown of white satin and lace, and her bridal bouquet was of roses and lilies of the valley. Miss Emily Olivera, maid of honor, wore a salmon taffeta gown and carried pink roses. The bridesmaids, Emily and Pauline Amaral, wore pastel shades of tulle.

Clarence Rose, brother of the bride served as best man. The ushers were Frank Rose and Melvin Silva, and little Ilene Bay of Oakland was the flower girl. Serphina Davilla was ring bearer.

The bridal party was given a reception after the ceremony at the home of the bride, Mr. and Mrs. M. P. Rose making admirable hosts. A honeymoon is being spent in southern California, following which the young couple will be at home to their many friends in Centerville.

Archdeacon Porter Gives Talk at Jubilee Supper

The Jubilee Supper was such a success that it is hoped they will have it once a month. A large number came right in from the game. The supper was beautiful and delicious, from baked ham, beans, macaroni, tomato salad, and home made pumpkin pies with whipped cream, and hot rolls and coffee. About fifty were present. Hallowe'en decorations were used and the hall looked very lovely. Archdeacon Porter gave a splendid address after an impromptu program managed by Mrs. T. C. Chadbourn.

It was all a great success which amply repaid those who worked so hard to make it one.

GOING TO GRID GAME

You can't keep dyed-in-the-wool football fans away from the major contests, and Judge Allen Norris is truly a gridiron enthusiast. The judge and two friends, Carl Zwissig and William Logan, are leaving on the S. S. Harvard tomorrow afternoon for Los Angeles. They will take in the U. S. C-U. C. game on Saturday. Judge Norris is a University of California alumni, so there is no question as to which team he will be rooting for.

ZELDA GARATTI IS MARRIED AT OAKLAND

At a quiet ceremony performed in St. Francis de Sayles church in Oakland, Miss Zelda Garatti of Pleasanton became the bride of Francis William Brenner of San Rafael. The ceremony was witnessed by only the immediate members of the families of the bride and bridegroom.

Mrs. Brenner is the beautiful daughter of Councilman and Mrs. Frank Garatti of Pleasanton. The bride presented a beautiful picture at the altar, which was banked with flowers. She wore a blue ensemble and a red fox fur. Her corsage was of gardenias and lilies of the valley.

The bride met her husband some time ago while attending Dominican College at San Rafael the bridegroom's home city. Their romance developed rapidly after she left college and culminated in their wedding.

After the marriage ceremony the wedding party adjourned to Hotel Oakland where breakfast was served. Immediately after the wedding breakfast the happy couple left by motor for Los Angeles and other southern points. They will be at home to their many friends in San Rafael about the first of November.

NEW TELEPHONE DIRECTORY NOW READY FOR USE

Delivery of the new East Bay section telephone directory will begin during the next week, it was announced today at the Niles office of the Pacific Telephone and Telegraph company.

The first portion of the new directory is allotted to Oakland and the other larger East Bay Cities. Immediately following this is the buyers' guide. Then comes the San Francisco directory.

The smaller communities are listed at the back as in the past. Instead of each town and village listed under separate headings, the subscribers are listed alphabetically, regardless of where they reside.

Almost everyone went to the football game Saturday.

Natural gas will be supplied to Los Banos, Gustine, Newman and Patterson in Merced and Stanislaus counties in future by Consumer's Gas Company.

Washington High Grid Eleven Surprises Doubting Thomases

By Charles R. Courter

Just like the baby that does such cute tricks for its mother, but which won't even smile when company calls, the Washington Union high school football team refused to "act up" for us last Friday afternoon, and, instead, played a very creditable game against the stalwarts of Alameda high.

Holding the visitors from the island city to a 0-0 tie, Washington made up, in a way, for its alleged pathetic showing in games against Piedmont, Berkeley and Hollister. In fact, the home boys showed several flashes of brains and power and caused a skeptical crowd to cheer instead of jeer.

Having been told there was something radically wrong with Washingtonians, we went to Friday's game mainly to see if we could diagnose the case. We expected to see a lot of bad football by a poorly coached team. We were agreeably surprised.

We did see the following faults, however, which, no doubt will be remedied by Coach Jess Regli before many more games are played. The backfield, as a unit, is slow. The ball-carrier gets little, if any, interference, and the tackling is weak and erratic. The boys apparently do not know how to clip an opposing runner off his feet, this fault accounting for a

fumbled punt being recovered by an Alameda man within striking distance of Washington's goal.

As Coach Regli knows, an opposing player is always less dangerous on his back than he is on his feet. If his boys would learn to clip their rivals when the opportunity presents itself they would save themselves much embarrassment.

Taking the showing of the Washington squad as a whole, we are happy to say we were surprised right from the start. We realize that Alameda held Washington too lightly as a rival and brought her second-string players to town, but these fellows were big and strong and well-trained and we doubt whether or not the Alameda varsity could have run up more than a touchdown against the Centerville school.

According to the league schedule, Washington's next game is with Hayward high. This is the "big game" of the year for both schools. Rivalry that was born years ago boils up hotter each football season. It is to be expected that both coaches are pointing to this game.

If Washington maintains the stride she set last Friday and corrects the faults we have pointed out earlier in this yarn, there is no reason why she shouldn't rise to victory over Hayward.

MILK LEADS HAY IN CALIFORNIA FARM PRODUCTS

Milk is California's greatest agricultural crop. During 1928, complete figures for which are just available, the dairy farmers of this State received \$88,810,000 for this commodity, according to Sam H. Greene, secretary of California Dairy Council.

In value, the next greatest crop was hay, worth \$75,538,000 at the farm. Grapes—dried, table and juice—brought \$35,538,000. The prune crop sold for \$22,030,000 and the barley crop brought \$22,926,000. Oranges from California orchards brought \$74,250,000; lemons, \$17,750,000; and grapefruit, \$2,800,000.

Beef cattle sales were \$39,000,000, and hogs, \$15,808,000.

Newport Beach—Costa Mesa and local school district organized into one district and erection of high school building planned for future.

REPAIR WORK ON CANYON ROAD IS WELL UNDER WAY

Date of Reopening Believed
Near; Tunnel Being
Rebuilt

Rebuilding of the Niles Canyon road which caved in a month ago when fire destroyed a portion of the Western Pacific's mile-long tunnel is now well underway, it has been reported by the county officials in charge of the work. When the road will be open, was not stated, however.

The rebuilding of the tunnel also is under way. The highway passes over the mouth of the tunnel and was in the state of repairs at the time of the fire. Motor traffic through the canyon has been routed via Mission San Jose since

Mission San Jose

By Agnes Rogers and Josephine Fernandez

Frank Shidley and Tony Keal were recent visitors at the home of Mr. and Mrs. M. Rogers.

A Halloween party given recently by the Mission P. T. A. in honor of the seventh and eighth grades of the grammar school was a delightful affair. Dancing and games were enjoyed until a late hour when refreshments were served.

Mr. Buckley is building a garage on his property.

Miss June Witherly spent last week-end with Eileen Steinhoff of Newark.

Mr. and Mrs. Cyrus Solon were host and hostess to a gay party of friends at their home here last

Saturday night. Cards were the main diversion of the evening. Listed among the guests were Mr. and Mrs. Matt Whitfield Jr., Peggy Whitfield, Mr. and Mrs. Peter Boggini, Mr. and Mrs. J. Fernandez, Mr. and Mrs. B. Larripa and family, Joseph Massera, Domingo Messera and Charles Boggini. Prizes were won by Matt Whitfield, Joseph Fernandez, Mrs. Boggini and Dorothy Larripa.

Antone Machado, "Sam" Perirra and Jack Recendes motored to Grass Valley one day recently.

Miss Viola Souza was in San Francisco last week.

Mission "Indians" trounced the Santa Clara Missions 9 to 2 in their last game.

Valenta Bridges and Evelyn M. Rose of Irvington spent a day recently with Miss June Witherly.

Mission P. T. A. gave a party last Friday night in honor of the seventh and eighth grades.

Mr. and Mrs. Matt Witherly and children and Mr. and Mrs. Cyrus Solon and children attended the Elks Show at Oakland last Thursday night.

Mr. Manuel Semas has purchased a Stewart-Warner radio.

Pacific Gas and Electric Company

now offers

2 times

as much

heat

for your dollar

Natural gas now gives you twice as much heat per cubic foot as did the former manufactured gas. It is the economical fuel for house heating, cooking and water heating.

STRAIGHT natural gas is being served this fall, to all customers living in San Mateo, Santa Clara and southern Alameda Counties.

It is 100% richer in heating value than the gas you have been using.

So why not take advantage of this new fuel for heating your home, as well as for cooking and water heating?

Gas-fired heating, in addition to its low cost, is the most convenient, the most care-free and the cleanest type of heating.

The new fuel itself, burning in modern appliances, is absolutely safe. Large industries are turning to natural gas because it is safe, clean, quick and easy to control.

Your dealer or our House Heating Department will gladly give you particulars, without obligation, on the type of gas heating equipment best suited to your needs. Write, phone, or call and a representative will respond.

Gas is cheaper—you can use more of it

Mrs. William Eberly entertained her father, J. B. Tobin of San Francisco, a few days last week.

Mrs. Grace Locher of Auburn, Placer county, is remaining another week as guest of her parents, Mr. and Mrs. P. A. Ellis of Niles.

Word was received this week from Oakland that Miss Faye Thane, who recently underwent an operation, is improving rapidly.

Mrs. S. Carr was honored by a visit from her son, Wesley, last week-end. Young Carr came down from Oakland where he is employed. He was accompanied by Hugh Jones and Miss Mildred Nelson.

Niles troop, Boy Scouts, completed a successful paper drive last Saturday, collecting more than three tons of material. The old papers and magazines will net the Scouts a neat sum.

**MORE ON
IMPORTANT FACTS IN**
(Continued from Page One)

of the district 22,000 million gallons, or two and three quarter times as much as the district has put into the underground supply. No wonder the water level has been going down in spite of the released water. Of course the water level would be much lower today if that released water had not been put into the gravel beds.

If the pumping at Alvarado can be stopped there will be a chance to build up the underground supply from the winter floods and the released water in summer. In five years there will be over ten billion gallons more in storage or for the use of the people of the district. In ten years twenty billion gallons. The first essential in any scheme to build up this storage is to stop the big leak at Alvarado.

Comparative Costs

The directors have agreed to pay \$290,000. for the water rights and the 384 acres of land. The land is estimated to be worth from \$50,000. upward. So at the most the water rights will not cost more than \$240,000. Estimating that the interest rate will have to be 5 1/2 per cent in order to sell the bonds readily in the present depressed condition of the bond market the annual interest charge for the first year will be \$13,200. on the water rights. If we can get for that six million gallons of water a day (using the lowest figure of a possible right established before the district was formed, although the Peoples Water Company averaged 7.2 million gallons a day for five years from 1907 to 1911), then in 365 days we get 2160 million gallons. The interest cost then is just about \$6 a million gallons. Now compare this with the East Bay Municipal Utility district. It has spent \$34,000,000. to bring in the Mokelumne water. The present capacity is sixty million gallons a day and will remain so until the second pipe line is laid. The interest on thirty-four million is \$1,700,000 a year. Sixty million gallons a day is 21,600 million for a year. This makes the interest cost on each million gallons \$77 compared to our \$6. Besides there must be added to the \$77 the cost of operating, pumping, upkeep, etc.

Now look at the investment. Our investment for each million gallons is \$111. The utility districts is \$1575. and will be that until another unit is built. We invest \$40,000. to get one million gallons a day, the utility district \$566,000. to get the same amount

of water. Right here in these figures the action of the utility district in offering to sell to our district, the rights at Alvarado shows a more than friendly spirit to this section.

San Francisco is spending sixty million dollars on the Hetch Hetchy out side of the eighteen million dollars spent on its power development. Its first unit will bring in sixty-five million gallons of water a day. Even when it is bringing in three times this the investment will represent \$300,000. for each million gallons a day coming out of the tunnel at Irvington. Do you wonder that City Engineer O'Shaughnessy told us we were making a "good buy" at \$29,000. Of course we would like to have obtained the rights without any cost at all but we cannot do so because private interests are willing to buy them even at the risk of a costly law suit with our district. Even if we are contributing the whole \$240,000. to the East Bay utility district it would be worth it as our share of the cost of the Mokelumne system which offers us a chance to save.

Only Sure Relief

Our future is tied up with the flood water from the Alameda creek watershed, the floods in winter and the release in summer. There will be no chance to secure a damsite of our own unless San Francisco is willing to sell us one. Such a chance cannot come until after the Hetch Hetchy is finished and the people of the Turlock and Modesto districts have been assured that the bringing of flood waters to San Francisco is not going to harm them. It will be at least five years and more likely ten before such a chance will come. And even then it would cost our district a million dollars to build a dam that would give us about the same amount of water as we get by stopping the pumping at Alvarado. In the meantime the only sure and immediate resource of relief is to stop pumping at Alvarado and capture all we can of the flood waters that come down Niles Canyon.

For many years to come the main asset of this district will be farming and intensive farming if we have the water for irrigation. Our situation and climate are especially adapted for intensive farming. We cannot hope to compete in residential attraction with the suburbs that are closer in. Neither can we hope to compete with the large cities in manufacturing enterprises. Our main hope is in intensive farming. That all depends on our water supply. It is the part of wisdom to bond our district for this purpose first of all.

**AMERICAN LEGION,
AUXILIARY TO HOLD
JOINT INSTALLATION**

Pleasanton's American Legion post and its Auxiliary will hold a joint installation of officers at the meeting to be held Wednesday November 13. The Auxiliary elected its officers some weeks ago, while the Legion ballotted last week.

Will Hall, who has been commander for the past year, automatically became past commander. The other selections of the veterans were: C. N. Westlig, commander; Hugo Radbruck, first vice-commander; A. L. Tillie, second vice-commander; W. T. Nilson, adjutant; G. S. Barry, financial secretary; W. J. Kelly, historian; A. J. Hansen, chaplain; and H. L. Lanni, sergeant-at-arms. The members of the executive committee will be R. W. Apperson, C. Freeman, and S. Christensen. The County Council committee will include R. W. Apperson, H. C. and A. J. Hansen.

Township Register for Commercial printing.

SUNOL
-- DEPARTMENT --

HALLOWEEN PARTY

The Sunol Parent Teachers' association is planning a Halloween party for the children of the Sunol schools. It is to be given Halloween night, October 31.

WALNUT HARVEST

The Spring Valley Water company started harvesting their walnut crop Monday of last week. They have a new system of harvesting, and a new drier this year. The walnuts are reported drying nicely.

SCHOOL REOPENS

The Sunol Grammar school reopened Monday after having been closed for over a month due to an epidemic of Chicken-pox. The attendance was nearly a hundred percent.

OPPERETTA POSTPONED

The operetta which was planned for late this month by the Sunol grammar school has been postponed until after the Christmas holidays. Due to the fact that the school was closed for a month and that most of the students' time is being taken up with the benefit band concert to be given in Pleasanton November 15, the postponement was announced.

Mrs. R. M. Bollock entertained Sunday for Mr. and Mrs. G. A. Johnson, and Robert Berman of San Francisco.

Grace Kearns has returned to San Francisco after spending the week with her grandmother, Mrs. C. B. Lucier.

Mrs. Arthur Day motored to Oakland Monday to spend the day with her daughter, Miss Elizabeth.

Mr. and Mrs. C. B. Lucier had a delightful motor trip Sunday to Mount Hamilton. They stopped at Gerber's in San Antonio Valley and came home by way of Livermore.

The Sunol business men are hoping the Niles canyon road will be opened soon, for being cut off from the usual motor traffic that passes over this highway, has decreased their receipts for the month.

Mr. and Mrs. H. Harrison who have been vacationing in Santa Cruz and Stockton the last two weeks, returned home Monday.

Mrs. and Mrs. Victor Johnson and Mr. and Mrs. Payne motored to San Jose Saturday.

Mrs. Frank Crespi spent Tuesday in San Francisco. She motored down.

Mr. and Mrs. J. H. Rankin took in the Stanford-U.S.C. football game at Palo Alto Saturday.

Mr. and Mrs. Johnson and Mrs. Branstetter motored to Niles to attend the bazaar Friday evening.

OPPERETTA PLANNED

The students of the Sunol Grammar school will give an operetta the first of December. Members of the Parent-Teachers' association are to make the costumes for the pupils.

P. T. A. MEETS

The Parent-Teachers' Association held a meeting Tuesday to plan for their future socials. This session was both a social and business meeting. It is the desire of the organization to interest more mothers and to have larger attendances at the meetings.

HALLOWEEN PARTY

Grammar school children and their parents were entertained at a Halloween party given by the Sunol Parent-Teachers' association Thursday evening in the grammar school building. There were numerous special stunts, games and awards for the visitors.

For those who cared for them several tables of cards were formed. The refreshments included Pumpkin pie, coffee and ginger bread.

Dr. D. Hirsh and his mother, from Los Angeles, spent a few days with Mrs. C. B. Lucier this week.

Mrs. R. M. Eollock is taking Mrs. Kate Freeman's place in the post office while she is away on her vacation.

Mr. and Mrs. Jack Silva entertained Monday night with a dinner for Mr. and Mrs. Manuel Silva, Mr. and Mrs. Sutton and Mr. and Mrs. H. Johnson.

Mr. and Mrs. W. R. Watson motored to Wasonville Thursday where they spent the day.

Mrs. John Trimmingham, Mrs. C. H. West, and Mrs. Bonner attended the council meeting of the Parent-Teachers' association at Livermore Thursday.

Mr. and Mrs. C. Freeman returned home Sunday from the Masonic convention in Los Angeles, but left again early Tuesday morning for Ager, Siskiyou county where they will visit with relatives.

Mr. and Mrs. R. H. Harrison are vacationing in Santa Cruz county.

Mr. and Mrs. Burdett Smith of Chicago, who were visiting their daughter, Mrs. H. C. Lamons, returned home Monday. They had been here for a month.

Mrs. A. C. Day was a business visitor in Oakland Tuesday.

R. W. Lloyd of Lafayette, entertained the Johnsons Sunday.

Margery Blake motored to Oakland on business Saturday.

Mr. and Mrs. Jack Silver, Joe Silver, Arthur Sutton, and Misses

BROOMS WILL FLY SATURDAY AROUND SCOUT CLUBHOUSE

Niles troop No. 1. Boy Scouts of America, had the pleasure of meeting in its own clubhouse for the first time last Friday night.

While the occasion was not fraught with cheering and merry-making, the Scouts gleamed with pride and made plans to fix up their new home in a manner to be proud of.

The Scouts' clubhouse is the old building formerly occupied by the Cup Leather company. It is situated next to the Register office and directly opposite the old S & A motion picture studios.

There is much work to be done in the clubhouse, as the Scouts know, and next Saturday will find them there with brooms and mops, paint brushes and what-not. When cleaned up, the old building will make an ideal clubhouse for the Scouts and will be an incentive for them to set new records.

HURRAY, HURRAY! BLUEBILLS FLOCK TO THE MARSHES

And here come the bluebills! These birds are known to be the forerunners of good duck hunting and sportsmen of Washington township are elated over their arrival at near-by marshes.

It will not be long now before the big flocks of birds start invading the bay district, hunters say. As a result decoys are being assembled and guns inspected hereabouts.

Arrival of the bluebills from the extreme north indicates that storms have hit that section and will drive thousands of birds down the coast.

Personal Mention

At a recent meeting of the Child Welfare club it was voted to aid the American Legion in staging its big ball on Armistice Day at the Garden of Allah. The club has purchased a block of tickets and also has donated a door prize.

Living but two hours after birth, the baby son of Mr. and Mrs. Neil Leash of Niles was buried on Monday in Evergreen cemetery, Oakland. The little fellow was born on Sunday.

Mr. and Mrs. George Chittenden of Oakland, who visited with Mrs. Emile Chittenden of the Belvoir hotel, Niles, for several days, returned to their home on Sunday.

The ladies of Corpus Christi Catholic church, Niles, are making elaborate preparations for a turkey whist party to be held on November 23. A well-stocked hope chest is to be given away that night.

Now is the time to select your Christmas and New Year cards from the "Art-Point" catalog at the Register office. Every card is individually processed with your name, exactly matching the color in ink, lettering and spacing. A marvelous collection to choose from.

Masonic Officer Club Has Dinner at Hayward

A dinner fit for kings was enjoyed in Hayward recently by the masters, wardens and senior deacons of the 39th Masonic district, which includes the five Masonic lodges of southern Alameda county.

The dinner was held at the Pig and Whistle Inn. William White, master of the Livermore lodge, presided. Arrangements were made for a district meeting on November 16.

MORE ON NILES C. OF C. TO GET

(Continued from Page One)

Sunnyvale site for an army dirigible base from Congressman Albert E. Carter and the San Francisco Junior chamber of commerce were read. Both letters expressed appreciation for the aid promised by the local organization.

The committee on the Boy Scout fund reported approximately \$135 collected. There is yet about \$65 to be raised, and the committee stated it anticipated little trouble in securing the full quota by the first of the month.

Reckless driving of gravel trucks through the main streets of town was taken up and the matter is to be referred to the resident engineer on the highway construction job. Traffic officers have promised to curb the evil as much as they can, it was reported.

RED HEAD CLARA IN NEW ROMANCE AT FOX THEATER

"Love 'em and leave 'em; fool 'em and forget 'em—that's me." Hear Clara Bow tell them that in her latest sizzling romance, "The Saturday Night Kid," a Paramount all-talker that will open tomorrow at the Fox Oakland theatre.

Red-headed Clara, pert in a new haircut, flashing the latest in step-ins, again fights to get her man—and keep him—in her newest snappy "It" picture.

If you're a Bow fan or if you'd like to be, "The Saturday Night Kid" is your dish. Here she is, an independent slangy shop girl with a comeback for everybody. James Hall is the boy friend. Jean Arthur plays the kid sister who vamps him away from Clara. When that happens, look out. For when Clara gets into action nothing can stop her. She gets Jimmie back and Jean is left somewhere in a cloud of dust.

On the stage Fanchon and Marco will present their crack military thrill squad of Sunkist Beauties in "Types Ideas," a fast dancing drill featuring Trado Twins, Carlana Diamond and his Oaklanders hot on the jazz.

Santa Ana—Plans made for construction of additions to several elementary school buildings in this city.

Bad Year for City

Slickers, Says Rogers

NEW YORK, Nov. 29.—Say, our champion New York university team looked like Man of War till that bunch of Oregon apple knockers got a hold of 'em this afternoon. It was no place for a raccoon coat athlete, up against an old bunch of wheat shockers whose college emblem is a pair of Levi overalls.

These old salmon giggers from the mouth of the Columbia had the city slickers striven from goal to goal. With Yale, Harvard, Princeton, Columbia and Al Smith going down all in succession, it just looks like it's the old country boys' year.

Yours, WILL ROGERS.
